- 52LG60: **\$XXXX.95** after \$XXX mail-in factory rebate

Cohens

ELECTRONICS • APPLIANCES • INC.

Should you ever need repair service, it's just a phone call away.

Most electronics and appliance stores make you take (or—more likely—*ship*) your product back to the manufacturer or an independent company for repairs. Who knows how long that will take? But at Cohens, we have our own "in house" service department, capable of servicing most of the products we carry, right here in town. Plus, since we service only products that were purchased from Cohens, you don't face the delays that often occur at general repair shops.

PLEASE DON'T LITTER. Cohens urges you to keep Montgomery beautiful. Please recycle this newspaper.
